

Ideation Phase

Define the Problem Statements

Date	15 February 2026
Team ID	LTVIPTMIDS79385
Project Name	Exploratory analysis of rainfall data
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example:

Example - Problem Statement
 (Rainfall Prediction Project)

I am:	a farmer
I'm trying to:	Plan my crop cultivation and irrigation based on rainfall
But:	I don't know whether it will rain or not
Because:	Weather patterns are unpredictable and I don't have accurate rainfall prediction tools
Which makes me feel:	Worried and financially insecure

I am a farmer, trying to plan my crops based on rainfall, but I cannot predict whether it will rain, because weather data is complex and not easily accessible, which makes me feel stressed and uncertain.
